BEST TIME

“When is the best time to go to Zanzibar?”, and the answer is often complex. It will depend on many things including your interests, exactly where you want to visit and why you’re travelling. Many travellers will combine time on Zanzibar’s beaches with a visit to northern Tanzania, for the Safari circuit. It’s very easy to combine these two highlights of Tanzania; flight to Zanzibar leave airstrips in the Serengeti/Arusha every day (usually before noon) – and arrive in Zanzibar well before dusk.

WEATHER

The heat of summer (corresponding to the northern hemisphere winter) is often cooled by strong sea breezes associated with the northeast monsoon, particularly on the north and east coasts. Being near to the equator, the islands are warm year round.

WHAT SHOULD I PACK?

Excess baggage fares are a particularly frustrating experience for any traveler to face. The most practical items for your island adventure are available at our In-house Boutique Store. We have got it all stocked for you at a magical price. - any clothing or accessories

- Beach wear, shorts and t-shirts
- Swim suit
- Sun hat
- Sunglasses
- Sandals
- Sunscreen
- Comfortable walking slippers
